### RAINBOW "CLUBMAN."

Specially designed and built for the enthusiastic club member who desires a smart, pacy machine without undue expense. The Rainbow "Clubman" incorporates braized straight tube and chain stays of light tubing. It is fitted with special saddle; William's chain wheel and cranks; "Defiance" narrow-barrel hubs; special pedals; "Fatty Lamb" handle-bars with 2 1/2" forward stem; 22" frame; 27" wheels; Endrick 1 1/2" rims; Dunlop or Olympic tyres and tubes. The Rainbow "Clubman" being strong and light, also makes an ideal cycle for touring.

EQUIPMENT: Bell; pump; braized-on clips; toe-clips and straps; leather tool bag containing box and cone spanners and two tyre levers.

### RAINBOW SPECIAL RACER.

Rainbow Racing Cycles enjoy a very high reputation among competitive Cyclists, having been chosen by many of the State's most successful Wheelmen.

Special features of the RAINBOW SPECIAL RACER are:—No. 531 Chrome Molybdenum lightweight steel tubing; D to round front forks; tapered back seat and chain stays; high pressure 27" x 1 1/4" racing wheels with special lightweight hubs—the rear hub is screwed for sprocket at each end; wingnuts on front and rear wheels; Dunlop or Olympic special racing tyres.

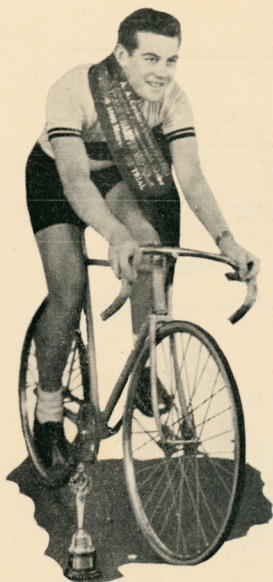

If desired, Rainbow Racing Cycles can be built to Cyclists' own special designs and specifications. Inquiries are cordially invited.

**TWO-TONE  
STOVE-ENAMELLED FINISH**

Special care is given to the finish of Rainbow Bicycles. Only expert enamellers and craftsmen are employed to carry out this highly important work, resulting in a finish of extraordinary durability and a smartness that distinguishes the Rainbow Bicycles. The following are regular stock two-tone colourings: Red and Blue; Red and Green; Blue and Red; Green and Red; Green and Mauve; Mauve and Blue; Two-tone Blue. The first colour mentioned is in all instances the predominating colour. Customers' own special colour schemes can also be executed.
